3. Proposed fee increase to Sunstar Ambulance Membership Program effective January 1, 2015 in accordance with Resolution 01-330.				Per Resolution 01-330 fees may be adjusted administratively by an amount not to exceed the increase in the Medical Consumer Price Index (2.12% as of 3/6/2014). Revenues generated must equal or exceed cost of membership program to avoid potential interpretations that the program conflicts with federal regulations. Due to increased patient deductibles and copayments (membership write-offs have increased) and reduced number of memberships (revenues have decreased), the program has taken a loss. Rates remained the same from 2001 - 2011.	28

Proposed text change in Service Charge's NOTE on how the late fee is assessed and the ability to wave the charge			(\$90,000)	The late payment fee was established to change behavior of our customers who continually paid late and have them pay their bill on time. However, with new customers to the area, the late payment fee does catch some of them off-guard. In providing this waiver we also are being provided an opportunity to educate our customer as to why we have a late payment fee and the impact when bills are not paid on time. Being able to provide a one time waiver is one way of educating as well as providing customer service that helps out our new customers to the area.	11

Any balance unpaid after this date will be charged the Late Payment fee. <u>(The late fee is assessed at the step in dunning where the notice of balance due - i.e., the late notice, is generated and mailed to the customer).</u> This fee is for all the accounts which Pinellas County DEI (utilities) collects, both Pinellas County DEI (utilities) accounts and those for which Pinellas County DEI (utilities) acts as billing agent. <u>Customers who have incurred no more than one delinquent process charge in a 12 month period may be eligible for a one time waiver of the late payment fee.</u>			The late payment fee was established to change behavior of our customers who continually paid late and have them pay their bill on time. However, with new customers to the area, the late payment fee does catch some of them off-guard. In providing this waiver we also are being provided an opportunity to educate our customer as to why we have a late payment fee and the impact when bills are not paid on time. Being able to provide a one time waiver is one way of educating as well as providing customer service that helps out our new customers to the area.	Approximately a decrease of \$90K
