# Pinellas County CRC

“The CRC shall review, on behalf of the citizens of Pinellas County, the operation of county government in order to recommend amendments to this Charter, if any.”

# Pinellas County Charter

“Limited” Home Rule – Some amendments must undergo extraordinary process before consideration and/or adoption by voters

- Only charter retaining Legislative oversight concerning amendments relating to the County Constitutional Officers
- Only charter containing a legislatively-adopted policy requiring a “dual vote” of electorate to approve amendments authorizing BCC to set minimal countywide standards

Charter policy on CRC frustrates comprehensive review
