Ensuring a safe, secure community means investing in everything from fire stations and police vehicles to technology to ensure our 911, fire and EMS personnel can communicate with you and each other.

**MORE THAN** 20 fire stations, emergency facilities and other public safety buildings constructed, renovated or upgraded

**NEW FIRE TRUCKS AND POLICE VEHICLES** for public safety agencies across the county

**5 RADIO TOWERS** and other supporting technology for 10,000 system users and 80 agencies to ensure reliable communication among our public safety agencies

**EMERGENCY OPERATION CENTERS** constructed by the County and cities to coordinate countywide response to emergencies

**ANIMAL SERVICES FACILITY** constructed to serve as a countywide shelter and adoption center that provides care for more than 11,000 animals admitted each year
