Project Overview

To better pedestrian and motorist safety, improvements are planned along 102nd Avenue N. from east of Oakhurst Road to west of Hodson Place. Proposed improvements include, the addition of sidewalks, signal controlled pedestrian crosswalks, reconstruction of the intersection to a more typical configuration, addition of left and right turn lanes on the westbound approach, addition of bike lanes, and new mast arm traffic signals at the intersection. Sidewalk is proposed along the north side of 102nd Avenue and along the west side of 137th Street (north of 102nd Avenue N) to provide a connection to Oakhurst Elementary School. The project also includes drainage improvements along with milling and resurfacing of the existing pavement.

Project Schedule – Next Steps

- Design Start: Summer 2017
- Design End: Fall 2018
- Construction Start: Spring 2019
- Construction End: Winter 2019

This project is funded through the Penny for Pinellas program.

Project area map located on page 2.
