Project Overview | Project ID# 003896A

Pinellas County Public Works, through the County's Capital Improvement Program, is developing a project to include drainage and roadway improvements in the Crystal Beach community between Crystal Beach Avenue and Florida Boulevard. The project is planned to incorporate a combination of gray and green infrastructure to improve flooding and water quality and reduce erosion due to stormwater runoff. In addition, roadway surfaces will be paved or resurfaced where desired.

Public Involvement

A Neighborhood Project Development meeting will be held on Tuesday, June 25, 2019, from 6:00 to 8:00 p.m. in the Crystal Beach Community Hall, 517 Crystal Beach Avenue, in Crystal Beach. The meeting will be an open house to share information about the conceptual improvements and solicit feedback from the community. The project team will display project information and answer questions about the project; there will be no formal presentation. All interested citizens are encouraged to attend.
