Project Overview

Pinellas County is constructing new dune walkovers along the western Gulf Beaches at Ft. Desoto Park. The dune walkovers will be placed in existing pathways through the dune system and will be elevated above the natural ground. With the installation of the walkovers, the dune system will be restored, continue to provide protection from damaging storms, provide natural habitat and eliminate damaging foot traffic on the dunes.

Project Schedule – Next Steps

- Design Start: June 2017
- Design End: December 2018
- Construction Start: November 2019
- Construction End: March 2020

Construction will begin after the 2019 Sea Turtle Nesting Season.

This project is funded through the U.S. Department of the Treasury, Restore Act.
