If you need special accommodations under the Americans with Disabilities Act, or require translation services (free of charge), please call (727) 464-4062 (VOICE/TDD) at least seven days before the meeting.

Project Overview | Project ID# 90002D1

Pinellas County is hosting an open house event on Wednesday, Nov. 6, 2019 to provide information regarding the Joe's Creek Channel 1 Bank Stabilization project. County staff and engineering consultant representatives will be available to answer questions. The purpose of this project is to repair erosion by stabilizing the creek banks. The project also includes habitat restoration to increase the ecological value of the community.

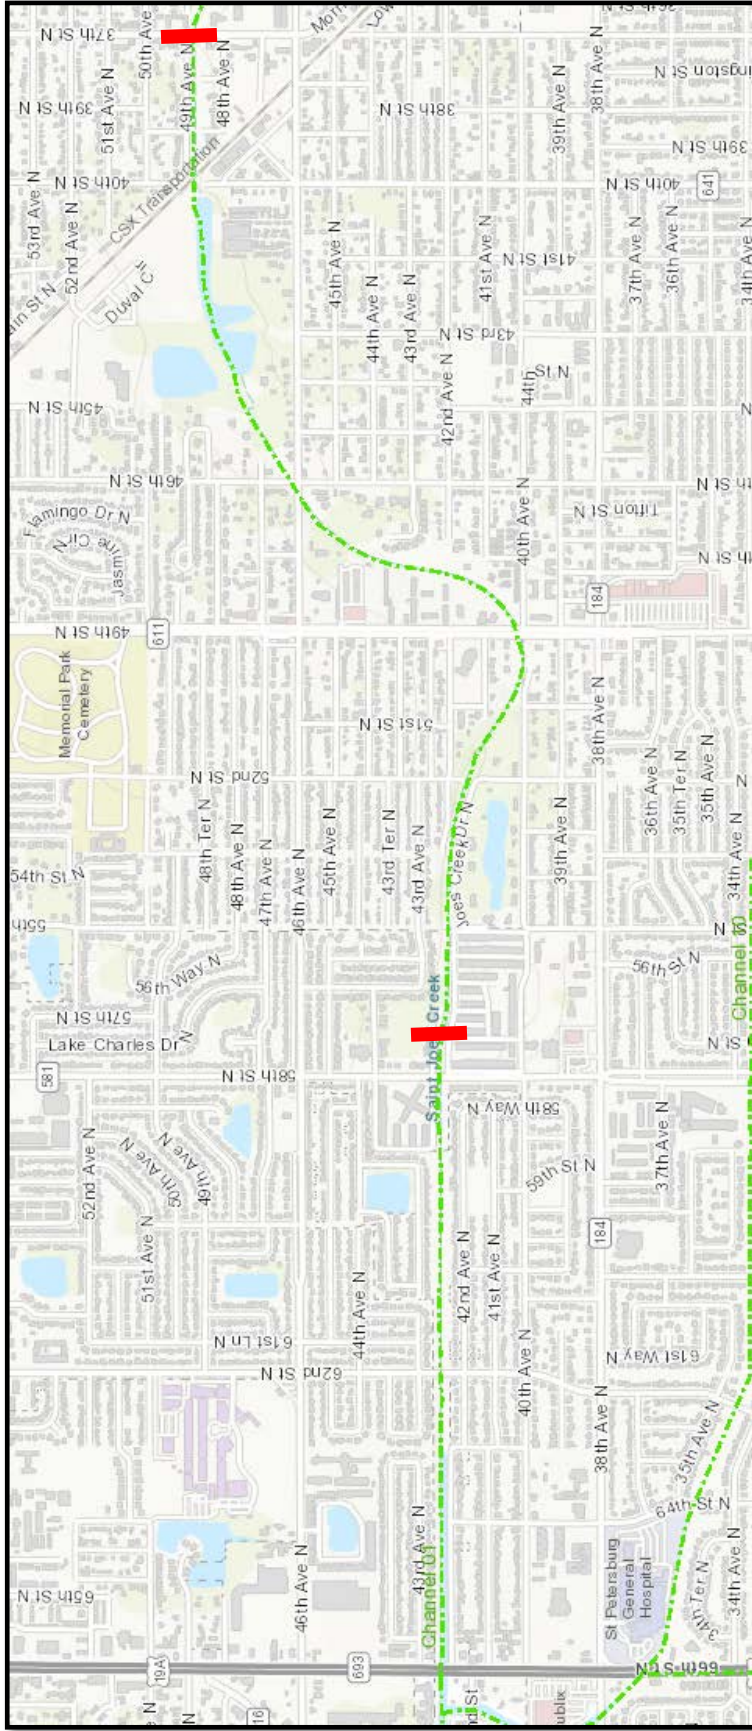

Public Involvement

The intent of the open house is to make you aware of the project, provide details and obtain your feedback. We encourage you to participate in the meeting and submit a comment card. If you cannot attend the meeting, please feel free to contact us via the email address or phone number shown on the left, referencing the above project name and ID number.

Project Schedule

The project is in the preliminary engineering phase and is expected to be completed in 2020. A consultant will be selected to provide design and permitting services which is expected to take three years. These improvements are being paid for by the General Fund and the Penny for Pinellas. Construction is not currently funded.
