

November 2018 Update

South Lake Avenue Culvert Replacement

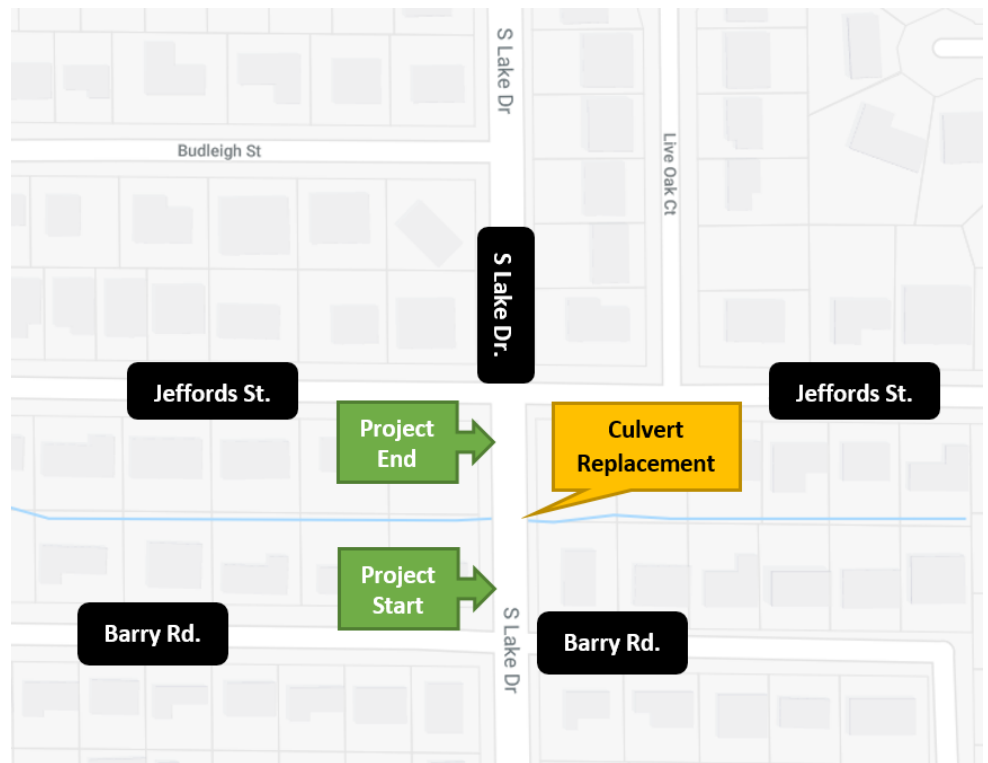

Project Overview

Pinellas County Public Works, through the County's Capital Improvement Program, is replacing cross drain pipes on South Lake Avenue, between Barry Road and Jeffords Street in Clearwater. The twin 66-inch corrugated metal pipes will be replaced with twin 66-inch reinforced concrete pipes. The project also involves the construction of new sidewalk and replacement of pipe on the west side of South Lake Avenue. South Lake Avenue will be reconstructed within the limits of proposed construction.

Project Schedule – Next Steps

- Design Start: October 2014
- Design End: July 2018
- Construction Start: January/February 2019
- Construction End: September/October 2019

This project is funded through the Penny for Pinellas program, FY 19 Governmental One-Year CIP.
