## Narratives

**Areas of Greatest Need:**

Pinellas County communities are experiencing high volumes of foreclosed and abandoned properties. Based on data provided by HUD and additional analysis conducted by the County, several areas are experiencing high risks of abandonment, high concentrations of subprime loans, and high predictions of additional foreclosures. Current foreclosed and abandoned properties, and the risk of additional properties being foreclosed or abandoned, are causing blighting conditions that are leading to declining home values.

**Distribution and and Uses of Funds:**

Pinellas County will use NSP funds to acquire the properties in areas experiencing the greatest risks of abandonment, the highest concentrations of subprime loans, and at the highest risk of additional foreclosures. These steps will help stop the blighting influence these properties are having in our communities and slow down the decline in home values.

Twelve (12) of the houses have been sold through the Acquisition Rehab Program. Due to the excessive time on the market, the one (1) remaining rehabilitated house was rented to an eligible tenant during the quarter. Ten (10) houses were acquired and demolished through the Demolition Program. Construction of Four (4) new single family homes has been completed, of which, four (4) houses previously sold. Six (6) lots remain vacant. During the quarter construction financing loans were closed for house construction on five (5) of the vacant single family lots. One of the five homes has started construction and the remaining four have received permitting approval.
