Narratives

Areas of Greatest Need:

Pinellas County communities are experiencing high volumes of foreclosed and abandoned properties. Based on data provided by HUD and additional analysis conducted by the County, several areas are experiencing high risks of abandonment, high concentrations of subprime loans, and high predictions of additional foreclosures. Current foreclosed and abandoned properties, and the risk of additional properties being foreclosed or abandoned, are causing blighting conditions that are leading to declining home values.

Distribution and Uses of Funds:

Pinellas County will use NSP funds to acquire the properties in areas experiencing the greatest risks of abandonment, the highest concentrations of subprime loans, and at the highest risk of additional foreclosures. These steps will help stop the blighting influence these properties are having in our communities and slow down the decline in home values.

Overall Progress Narrative:

Since program inception, Pinellas County has acquired 23 foreclosed single family houses; 16 through the Acquisition Rehab Program and 7 through the Demolition Program. Rehabilitation of 11 properties under the Acquisition Rehab Program has been completed and all 7 sub-standard houses have been demolished. Eight houses have been sold and three properties are currently listed for sale.

Additionally, NSP funds were used to acquire and rehabilitate a 36-unit, multi-family property through the Rental Program. Following acquisition, the apartment complex, known as Boardwalk Apartments, was conveyed to a land trust established by the Housing Finance Authority of Pinellas County. Subsequently, the buildings were leased to Contemporary Housing Alternatives of Florida, Inc. (CHAF), a designated CHDO. The long term, 99 year ground lease will insure that the property remains affordable long-term. A comprehensive renovation project was completed which included new roofing, window, HVAC systems, interior renovations, and energy efficiency improvements. Lease up is complete and the property is fully occupied.

Pinellas County committed \$100,000 to a rental housing rehabilitation project known as Sunrise Apartment located in Tarpon Springs, FL. A total of 36 units will be acquired and rehabilitated. As a result of the NSP1 funding provided, 11 units will be income restricted for households with an income level below 50% of AMI. Construction on the project was completed in June, 2013. Full Lease-up is anticipated by Mid-January 2014. Lease-up has taken longer to accomplish than anticipated due to difficulties in leasing the 1 bedroom units.

Activity Description:

This activity will address neighborhood stabilization within the identified high priority areas through the acquisition of foreclosed properties. Properties purchased will be rehabbed and made available for resale. Properties acquired under this activity must meet the minimum 5% less than current market appraised value discount per property and the overall portfolio discount minimum of 15% total NSP portfolio. Intermediaries will be utilized to identify the most current inventory of foreclosed properties within our high priority areas. Negotiations with the lenders will need to meet the requirements established to obtain the maximum reasonable discount for the program. The purchase of specific foreclosed properties will be dependent upon the highest degree of neighborhood need and the availability of foreclosed properties that can be obtained at a price consistent with the discount requirements of NSP funding. The minimum affordability requirements will be consistent with the requirements of HOME: \$15,000 - 5 years; \$15,000-\$40,000 - 10 years; >\$40,000 - 15 years; New Construction - 20 years. If a home acquired through this activity is not able to be sold to an eligible homebuyer within a reasonable time, as determined by Pinellas County, the home may be considered for rental to an income qualified person.

Location Description:

This activity will be carried out in the targeted areas of Greatest Need. The specific properties will be evaluated and a final determination based on an analysis of location, amount of rehabilitation, ownership, and other criteria that may affect the affordability and resale ability. If the acquisition of properties within the areas of greatest is not feasible because of financial or economic feasibility and/or don't meet the discount requirements, the next highest priority area within the County will be targeted.

Activity Progress Narrative:
