THE NSP SUBSTANTIAL AMENDMENT

Jurisdiction(s): Pinellas County Board of County Commissioners	NSP Contact Person: Sheri Harris Address: 600 Cleveland Street, Suite 800 Clearwater, FL 33755
Jurisdiction Web Address: www.pinellascounty.org/community	Telephone: 727-464-8210 Fax: 727-464-8215 Email: sharris@pinellascounty.org

A. AREAS OF GREATEST NEED

Pinellas County proposes to amend our Action Plan and Consolidated Plan for the purpose of fulfilling the requirements to receive Neighborhood Stabilization Program (NSP) funds from the U.S. Department of Housing and Urban Development (HUD) authorized under Title III of the Housing and Economic Recovery Act of 2008. Such amendment will allow Pinellas County to receive an allocation of \$8,063,759 to be used for the purpose of acquiring and redeveloping foreclosed and abandoned properties within our communities. It is anticipated that program income from these activities will occur and be utilized for additional NSP activities.

In Pinellas County, the target areas for the Neighborhood Stabilization Program were developed pursuant to the Housing and Economic Recovery Act of 2008, as outlined below, by identifying the census tracts with the:

- Greatest percentage of home foreclosures;
- Highest percentage of homes financed by a sub-prime mortgage related loan; and
- Areas identified as the most likely to face a significant rise in the rate of home foreclosures.

NSP funds must be targeted to the geographic areas of greatest need, which have been identified utilizing the detailed foreclosure and pre-foreclosure activity with HUD's foreclosure and abandonment risk score data. The analysis was first based on the greatest percentage of foreclosures to determine that our focus would be on the scores that ranked 10. Our targeting then looked at the highest percentage of homes financed by sub-prime mortgages and finally, we analyzed the data that was provided for foreclosures over the next 18 months and determined that our initial focus would be 9-10%.

If foreclosed properties are not able to be purchased utilizing the discount method that has been established, the County will identify other priority areas with an estimated risk score of 9 for foreclosed and abandoned homes.

B. DISTRIBUTION AND USES OF FUNDS

Based on the data provided by HUD and additional analysis conducted by the County, funding will be distributed to areas of the County identified with an estimated risk score of 10. For the census tract areas that have a high priority ranked as 10, these areas are also ranked as the highest priority based on the highest percentage of subprime mortgage financing and anticipated significant rise in foreclosures over the next 18 months.

The census tract data provided by HUD indicates that one of the highest priority areas includes our already established target area in Central Lealman. In addition to the Lealman area, Unincorporated

Clearwater, Unincorporated Tarpon, Kenneth City, Seminole and Gulfport have been identified as high priority areas.

Through intermediaries, the County will target the NSP funding for purchase and rehabilitation of foreclosed or abandoned properties for resale to income qualified buyers. The estimated funding available for this activity will be \$3,241,444.

Exhibit C provides Census Tract, Block Group data for high priority areas within the County and describes the County's three tier prioritization approach. Funding for the purchase and rehabilitation of properties will first be targeted to the highest priority census tracts that ranked "10".

If the properties identified as "10" do not meet the discount pricing requirements, the County will expand the target areas to include the census tract areas identified as "9" or "10".

If the properties identified as a "10" or a "9" do not meet the discount pricing requirements, Pinellas County will expand the target areas to a third tier for distribution of funds. Those properties located in the priority area identified as "8", "9" or "10" will be considered. Pinellas County will monitor foreclosure proceedings on a periodic basis in the first and second tier, "9's" and "10's" before moving to the third tier.

The County will also provide funding for the acquisition and rehabilitation of foreclosed or abandoned properties for rental housing that serve families at or below 50% of area median income. The estimated funding for this activity will be \$2,015,939. Funding for the rental housing will also be distributed using the three tier approach. The County will monitor foreclosure proceedings on a periodic basis in the first and second tier before moving to the third tier.

Due to the limited time frame that participating jurisdictions have to commit the NSP funds, expanding the high priority target areas to include the second or third tier will not require an amendment to the plan.

C. DEFINITIONS AND DESCRIPTIONS

(1) Definition of "blighted structure" in context of state or local law.

Entitlement Jurisdiction's Response:

For purposes of determining blighted structures to be assisted with the NSP funding, "blighted structure" will be defined as any structure unfit for use, habitation, or dangerous to persons or other property. In addition, a structure is blighted when it exhibits objectively determinable signs of deterioration sufficient to constitute a threat to human health, safety, and public welfare. This includes structures showing evidence of physical decay or neglect, excessive use, or lack of maintenance.

(2) Definition of "affordable rents." *Note:* Grantees may use the definition they have adopted for their Community Development Block Grant Program (CDBG) but should review their existing definition to ensure compliance with NSP program-specific requirements such as continued affordability.

Entitlement Jurisdiction’s Response:

“Affordable rents” shall be defined as the standards established under the HOME Program and referenced in 24 CFR 92.252(a) (b) and (c). Projects identified to serve families at or below 50% AMI will have rents that do not exceed the established rents published annually by HUD.

(3) Describe how the grantee will ensure continued affordability for NSP assisted housing.

Entitlement Jurisdiction’s Response:

Pinellas County will ensure long term affordability through the use of a Land Use Restriction Agreements (LURA) that will be recorded against the property. If an owner who has been assisted through this program transfers title to the property before the affordability period expires, the assistance provided by the County will be subject to recapture.

The County will monitor the properties that are assisted with NSP funds during the affordability period to ensure that the specified units are affordable. This will be done utilizing the standards established with the HOME Program. In addition, all properties receiving NSP funding will be secured by a recorded mortgage on the property.

The minimum threshold that will be used to ensure long term affordability will be consistent with the guidelines of the HOME Program as defined in 24 CFR 92.252(e). In some instances, the affordability requirements may be increased at the discretion of Pinellas County based on the amount of subsidy being provided to the recipient.

(4) Describe housing rehabilitation standards that will apply to NSP assisted activities.

Entitlement Jurisdiction’s Response:

Pinellas County will utilize the housing rehabilitation standards, which exceed the minimum code requirements, as described in the Pinellas County Community Development policies. Properties will be rehabilitated to standards that comply with the applicable laws, codes and other requirements of Pinellas County Community Development’s *Minimum Standards for Rehabilitation of Residential Properties*. Pinellas County will incorporate modern, green building and energy-efficiency improvement standards, whenever feasible, to provide for longer-term sustainability.

D. LOW INCOME TARGETING

Identify the estimated amount of funds appropriated or otherwise made available under the NSP to be used to purchase and redevelop abandoned or foreclosed upon homes or residential properties for housing individuals or families whose incomes do not exceed 50 percent of area median income: \$2,015,939.

Note: At least 25% of funds must be used for housing individuals and families whose incomes do not exceed 50 percent of area median income.

Entitlement Jurisdiction’s Response:

Pinellas County will utilize the majority of the 25% set aside for the acquisition and rehabilitation of properties for rental housing that serves households at or below 50% of AMI; however,

homeownership opportunities will not be excluded. Multi-family development projects are defined to include duplexes and triplexes and other existing multi-family properties that meet the definition of abandoned or foreclosed. Since there may be opportunities to acquire and rehabilitate larger multi-family properties that have been foreclosed, if no properties are identified in the level “10” areas, the next highest area will be identified.

E. ACQUISITIONS & RELOCATION

Indicate whether grantee intends to demolish or convert any low- and moderate-income dwelling units (i.e., ≤ 80% of area median income).

If so, include:

- **The number of low- and moderate-income dwelling units—i.e., ≤ 80% of area median income—reasonably expected to be demolished or converted as a direct result of NSP-assisted activities.**
- **The number of NSP affordable housing units made available to low-, moderate-, and middle-income households—i.e., ≤ 120% of area median income—reasonably expected to be produced by activity and income level as provided for in DRGR, by each NSP activity providing such housing (including a proposed time schedule for commencement and completion).**
- **The number of dwelling units reasonably expected to be made available for households whose income does not exceed 50 percent of area median income.**

Entitlement Jurisdiction’s Response:

It is difficult to determine whether demolition of foreclosed or abandoned properties will be needed until specific properties are identified. If the cost to rehabilitate the unit exceeds 50% of the acquisition cost, and/or the cost of acquisition and rehabilitation exceeds one hundred percent (100%) loan-to-value, the County will assess the feasibility of demolition.

The budget provides for the demolition of approximately five (5) units; however, if the structures are in satisfactory condition and no demolition is required, the County will move these funds to another activity without amending the plan. The demolition activity will meet the definition of a “blighted structure” as defined in the Amendment. In some instances, this may be a structure in a contiguous neighborhood that may be just outside the boundaries. The flexibility to address this type of situation provides the ability to stabilize the high priority neighborhood.

It is anticipated that the acquisition process will begin in January 2009 or upon executed grant agreements between the County and HUD. Rehabilitation will be provided upon completion of the acquisition of the property. The project will be considered complete when (1) the property is transferred to an eligible homeowner; or, (2) the unit is rented to an eligible tenant.

The County will comply with the Uniform Relocation Act requirements.

F. PUBLIC COMMENT

Provide a summary of public comments received to the proposed NSP Substantial Amendment.

Entitlement Jurisdiction's Response:

The Substantial Amendment to the Action Plan comment period was advertised in the St. Petersburg Times on October 27, 2008 and appeared on the Department website October 28, 2008. The public comment period deadline was November 11, 2008. Following is a summary of public comments received to the proposed Substantial Amendment:

- Homebuyer Counseling – Suggest that the plan specify that “Homebuyers who receive NSP assistance under this activity are required to complete a County approved homebuyer counseling class.”
- Stress more housing for the homeless and special disability groups, especially mental health clients.
- Allow for NSP funding to be utilized as gap or contribution of 9% tax credit applications being submitted this round.
- Request that more than the required 25% of the NSP funds be targeted to those that are at or below 50% of area median income.
- Recommend that more of the NSP funding be used for housing that will be based on rental and not homeownership.
- Recommend purchase and rehabilitation of single family homes with two or more bedrooms for housing adults and families together.
- Recommend that Pinellas County use the NSP funding as part of the community wide response for housing those with mental illness and criminal records.
- Recommend that there be coordination of NSP funds with other funding to provide resources for services required for housing the homeless.
- Recommendation that the majority of the funds target rental versus homeownership
- Recommend a longer term for deferred down payment assistance and increase the amount provided to each buyer, based on need.
- Recommend that affordable rents be more restrictive than HOME.
- Recommend that Demolition target blighted rental units.
- Recommend the amendment define partners that will be targeted to implement the activities.

The emphasis of the comments received surrounded the ability to provide more rental opportunities, especially those below 50% area median income. The proposed amendment has provided the flexibility and ability to do that, based on the needs of the neighborhood once they have been identified in our high priority areas of the county. The Homebuyer Counseling being provided by a County approved entity is the only comment that can't be addressed due to the legislative requirement that Counselors must be HUD approved.

\$15,000-\$40,000	10 years
>\$40,000	15 years
New Construction	20 years

If a home acquired through this activity is not able to be sold to an eligible homebuyer within a reasonable time, as determined by Pinellas County, the home may be considered for rental to an income qualified person.

(4) Location Description: (Description may include specific addresses, blocks or neighborhoods to the extent known.)

This activity will be carried out in the target areas as referenced in Section A – Areas of Greatest Need.
