

Endpoint Specialist

Category: Exempt
Pay Grade: E18
Job Code: 14635

To perform this job successfully, an individual must be able to perform the essential job functions satisfactorily. Reasonable accommodations may be made to enable individuals with disabilities to perform the primary job functions herein described. Since every duty associated with this position may not be described herein, employees may be required to perform duties not specifically spelled out in the job description, but which may be reasonably considered to be incidental in the performing of their duties just as though they were actually written out in this job description.

JOB SUMMARY

Performs professional tactical work which requires entry-intermediate level proficiency in providing support for endpoint device management. Endpoints are inclusive of any computing device used to access systems and services serving county affiliates, departments and organizations. Employees in this class are expected to identify and resolve minor work problems of a nature that some lower level employees are unable to solve or overcome. Work requires creative and original thinking and is performed under the direction of more senior professional staff with considerable latitude for individual and team initiative, judgment, and discretion in working with customers to determine hardware, maintain functioning operations, as well as to achieve business objectives. Respond to incidents within SLA or within a timely manner with appropriate level of urgency and follows up with customers on all issues. Assist staff with the installation, configuration and ongoing usability of endpoint devices, peripheral equipment and software to include specification, installation, research, testing of computer systems, and peripherals within established standards. Diagnose and resolve unique, non-recurring problems associated with application software and operating systems.

ESSENTIAL JOB FUNCTIONS (examples, not all inclusive)

- Demonstrates entry to entry-intermediate level proficiency in two of the departmental section disciplines: Database Administration, Network Management, Desktop Management, Server Management, Application Design, Application Development, Enterprise Architecture, Security Management, Quality Assurance, Incident Management, Financial Management, Project Management, Document Management, Service Management, Asset Management, Production Application Services, Storage Area Network, Middleware Management;

- Ability to communicate effectively, both verbally and in writing, with peers and others;
- Ability to communicate with tact, patience and courtesy at all levels of the organization;
- Ability to assist lower level personnel with training of new technologies;
- Ability to establish and maintain effective work relationships, both inside and outside of the work section;
- Ability to self-develop relevant job-related skill(s) for current role;
- Ability to understand and follow specific instructions, priorities, policies and procedures;
- Ability to identify, to take ownership of, and to troubleshoot and solve minor problems;
- Ability to operate a personal computer and other automated systems to enter and retrieve information, monitor work performed, and communicate data;
- Ability to understand and follow oral, written, and electronic instructions;
- Ability to detect, test, analyze results, and take corrective measures on hardware and software incompatibilities or errors;
- Ability to establish and maintain effective working relationships with customers, superiors, fellow employees, and others;
- Ability to oversee telecommunication systems, computer hardware or network systems, and complex software or management systems.

PHYSICAL/MENTAL DEMANDS

The work is sedentary work which requires exerting up to 10 pounds of force occasionally and/or negligible amount of force frequently or constantly to lift, carry, push, pull, or otherwise move objects, including the human body. Additionally, the following physical abilities are required:

- Fingering: Picking, pinching, typing, or otherwise working, primarily with fingers rather than with the whole hand as in handling.
- Visual ability: Sufficient to effectively operate office equipment including copier, computer, etc.; and to read and write reports, correspondence, instructions, etc.
- Hearing ability: Sufficient to hold a conversation with other individuals both in person and over a telephone; and to hear recording on transcription device.
- Speaking ability: Sufficient to communicate effectively with other individuals in person and over a telephone.
- Mental acuity: Ability to make rational decisions through sound logic and deductive processes.
- Talking: Expressing or exchanging ideas by means of the spoken word including those activities in which they must convey detailed or important spoken instructions to other workers accurately, loudly, or quickly.
- Repetitive motion: Substantial movements (motions) of the wrist, hands, and/or fingers.
- Walking: Moving about on foot to accomplish tasks, particularly for long distances or moving from one work site to another.

WORKING CONDITIONS

Work is performed in a dynamic environment that requires sensitivity to change and responsiveness to changing goals, priorities, and needs.
