### What is FACE?

- face-to-face conversations between a supervisor and employee
- acronym for Feedback, Ask Questions, Conversation, and Explore Options
- performance management software

### How do I log into FACE?

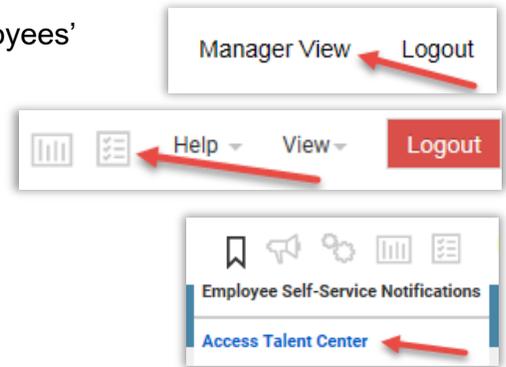

FACE is part of the Talent Center. Login options are based on your organization. Employees in Group 1 use the Okta portal, while those in Group 2 use the Talent Center link:

1. **Group 1: Employees of BTS, County Administrator, County Commissioners, County Attorney, Forward Pinellas, Human Resources, and Office of Human Rights**  
 Open Okta using the icon on your desktop or this link: <https://pinellas.okta.com> (Chrome is the preferred browser). Enter your regular network login (username and password). In Okta, select *Taleo-Talent Center*.
2. **Group 2: Employees of Clerk's Office, Property Appraiser's Office, Supervisor of Elections, and Tax Collector's Office**  
 Use the [Talent Center](#) link. This link is also found in your Favorites list in Chrome and Internet Explorer. Your FACE login is the same as your OPUS login. Your OPUS login is the first letter of your first name, your last name and employee number (such as *jdoe123456*). Enter your Talent Center password which may be your OPUS password or a password of your choosing (at least 8 characters).

*Problems with login?* – See [Talent Center Login and Password Tips](#).

  - It is not necessary to enter another password for the Talent Center since Okta is a single sign-on portal.
- **Group 2: Employees of Clerk's Office, Property Appraiser's Office, Supervisor of Elections, and Tax Collector's Office**
  - Go to the Talent Center using the [direct link](#).
  - Select *Forgot Password?* on the login screen below the blue *Sign in* box.

## How can I get training on FACE?

- Go to the FACE website at [pinellascounty.org/hr/face](http://pinellascounty.org/hr/face) for resources and tools.
- Performance management classes are offered throughout the year. Visit the website at [pinellascounty.org/hr/learning](http://pinellascounty.org/hr/learning) to check the catalog or contact Learning & Development.

## What is FACE used for?

FACE is used to:

- Make note of conversations with employees about performance (“Comments” tab). Comments should be inputted on a regular basis to note an employee’s performance.
- The Goals area can be utilized as a department or division deem appropriate to note current goals and ongoing progress.
- The Performance Review function should be used on a consistent schedule as a formal “check in” to clarify and summarize performance observations.
  - It is recommended that supervisors do summary conversations at least four times a year (once each quarter: Jan. to March, April to June, July to Sept., and Oct. to Dec.) to note overall performance, goals and expectations. If the supervisor has been noting conversations throughout the period in the comments section, it will be much easier to create the summary conversation in the performance review section in FACE.

### What is the purpose of supervisor “Comments” in FACE?

A supervisor enters comments/notes in the “Comments” tab to keep track of conversations they have with an employee about performance. It is important to note that entering information in FACE is not a way to provide electronic feedback since the comments are not viewable by an employee. Nothing should be entered that has not previously been discussed. For example, “12/3/18 - Talked with Matt about how well he handled the customer who was upset over the billing error” or “12/4/18 – Talked with Sue about coming in at 8:15 which is the third late arrival this week. She had child care issues but they will be resolved by next week.”

### When are performance reviews due?

Performance review dates are set by the department. A suggested matrix is below:

Fiscal Year Quarter	Review Period	Due Date to Complete Review (Summary Conversation)
1 <sup>st</sup> quarter	October to December	January 31
2 <sup>nd</sup> quarter	January to March	April 30
3 <sup>rd</sup> quarter	April to June	July 30
4 <sup>th</sup> quarter	July to September	October 31

### How do I view a *current* performance review?

Log into the [Talent Center](#) to access FACE, scroll down to *My Reviews*, select *Active*, and select *Edit* under “Employee Review Actions” to view or enter comments.

Supervisor: It is no longer necessary to log into different FACE websites as an employee and a manager. Access your personal review as shown above. To view your employees’ reviews, switch to Manager View by clicking the *Manager View* tab at the top right.

### How do I view or print a *previous* performance review?

Log into the [Talent Center](#) to access FACE, scroll down to *My Reviews*, select *Final*, and select the blue *Download* box to view or print a review.

Supervisor: It is no longer necessary to log into different FACE websites as an employee and a manager. Access your personal review as shown above. To view your employees’ reviews, switch to Manager View by clicking the *Manager View* tab at the top right.

### Why can’t I see my performance review?

- For an employee to see a review, it must be drafted by their supervisor and the view mode set by the supervisor to *Mark as in Progress*.
- For a supervisor to see their employees’ reviews, they need to select *Manager View*.
- After an employee eSigns, the review PDF may be temporarily unavailable for viewing until the supervisor eSigns it. Then it will be found under the *Final* tab (not the *Active* tab).

### How does a supervisor *create* a new performance review?

The process is as follows:

- Log into the [Talent Center](#) to access FACE.
- Select *Manager View* at top right.
- Click *Full View*.
- Select *My Active Employees* (under *Direct Reports*), select the employee’s name, select the *Goals & Reviews* tab, select *Assign New Review* (next to *Performance Reviews*), select a template and time period; and click *Save*.
- Enter information regarding your employee’s responsibilities, performance, goals, etc.

- Set the Action to *Mark as in Progress*. (NOTE: This is important! If this step is missed, the employee cannot see the review).
- Employee looks at the review and adds their comments.
- View the employee's comments, talk with the employee about the review, click *Complete*, and eSign it (electronic signature).

### **How does a supervisor *edit* a performance review?**

Select the *Performance* tab, select the employee's name, locate the review under the *Goals & Reviews* tab and select *Edit*.

### **What if I need to make changes in a review?**

- An employee may add remarks in the *Employee Comments* section only.
- A supervisor can make any changes in an employee's review until it is completed.
- Once a review has been completed and eSigned, changes may no longer be made.

### **Can I enter "Comments" on my performance review?**

Yes. After your supervisor drafts your review, you may view it and enter *Employee Comments* in the box provided at the bottom of the review. Select *Save and Close* when finished.
